

Trans Pride Of Mobile's Trans Beach Day 2022 Sponsorship Application

When transgender people are asked what we would do if we had one day with only trans people around, the answer is overwhelmingly the same - go swimming.

While heartbreaking, this is a problem with a solution. This October, Trans Pride Of Mobile (TPOM) is partnering with other local organizations for Trans Beach Trip 2022. We'll create an oasis of security where trans folk across the region and beyond can come to relax and enjoy the simple freedoms of the salt, sand, and sea.

To do this, we're renting a house with a private beach. This will ensure we have a space just for us while also allowing many trans folk the opportunity to enjoy an extended vacation. We're looking to provide meals and supplies for the home as well as free beds to underprivileged members of our community.

To do this, we need your help.
